Ship Power

- Ordering activity continuing on good level in the near future.
- Decreasing vessel order volumes are expected in the long run, as earlier predicted.

Power Plants

- Market situation remains good also rest of the year.
- Geographically demand distributed evenly.
Forecast for 2006 unchanged

- Demand in the ship power and energy markets looks likely to remain favorable for Wärtsilä for at least the following six months.
- Based on the strong order book Wärtsilä’s net sales are expected to grow this year by as much as 20%.
- The profitability level reached in 2005 will remain.

Forecast for 2007

- Wärtsilä’s net sales for 2007 are estimated to grow by approximately 10-15% compared to net sales 2006 based on the strong order book and the lively ordering activity.
- The capacity increase, available from mid-2007, will make further growth possible in 2008.
Thank you!
