OUR SPECIALISTS GIVE YOU THE COMPETENCE
Global training solutions provided by the Wärtsilä Land & Sea Academy (WLSA) cover all aspects of management, operation, maintenance and safety issues, optimizing the safety, availability, reliability and performance of your power or marine installation. We offer customised and customer tailored courses to help you achieve your business goals.

WLSA is familiar with the global training environment and can advise you directly regarding the options available.
Let us be part of your Competence Management plan!
We are a truly global player. High quality training services are available globally at selected locations, also on-board and on-site. Global sales and service network, close to the customer.
